"Easy" French Sentences

Don't know much French yet? These sentences are easy to learn! You may have seen these jokes online lately: using homophones (words that sound the same but are spelled differently), comedians such as Loïc Suberville (and a little help from Google Translate) have created easy-to-memorize French sentences (though whether they're useful in everyday conversation is debatable!).

Le ver vert va vers le verre vert.
= The green worm goes towards the green glass.

Mais même aimait même mes mets.
= But Granny even liked my dishes.

Tintin tint un teint thym.
= Tintin had a thyme skin tone.
