OUR FRENCH WINTER READS

Children's picture books do a particularly good job of making winter feel cozy and peaceful, don't you think? Here are the titles from our French winter reading list.

They alone helped us learn some important winter words in French! (A bilingual crossword puzzle with words from the titles is on page 2... enjoy with your family!)

- Blanc - Le Bonhomme de Neige (White - The Snowman) by Thomas Baas
- La moufle (The Mitten, which is also available in English) by Julie Mellan
- L'école des lutins (Elf School) by Laurence Van Ruymbeke
- L'étoile de Noël de Laura (Laura's Christmas Star, also available in English) by Klaus Baumgart
- Le petit bonhomme de pain d'épice (The Gingerbread Man, available in English, of course!).

RECENT REVIEWS OF EMMY AND THE IRIS

As always, thanks for reading and reviewing!

Anna Robin rated it ★★★★★

A beautiful readaptation of "The Secret Garden". It is well written and the transfer to the modern world works perfectly. Emmy's emotions are contagious! You want to go explore the château and the garden with her and her friends... [\(less\)](#)
